

CHILLDON PAUL CARREON

Quezon City, Metro Manila | +63 976 238 5003 | chillrigel05@gmail.com | linkedin.com/in/chilldon-paul-carreon/ | github.com/ch1llysauce

EDUCATION

TECHNOLOGICAL INSTITUTE OF THE PHILIPPINES

BS Computer Science

Major in Intelligent Systems

General Weighted Average (GWA): 1.xx (X Laude); Dean's Lister, 2024–2025

Relevant Coursework: Data Structures & Algorithms Analysis, Software Engineering, Natural Language Processing, Machine Learning

Quezon City
2027

TECHNICAL & PROJECT EXPERIENCE

MATHMENTOR AI | Full-Stack and AI Learning Platform

2026

- Developed an AI-driven learning platform that generates dynamic mathematical problems and solutions.
- Implemented cross-platform mobile interfaces using React and responsive web modules deployed on Vercel.
- Integrated robust REST APIs with MongoDB database for persistent progress analytics and user session management.

MEDIAHUB | Mobile Media Automation & Video Processing

2026

- Developed a centralized media utility app for Android with asynchronous background video rendering and task scheduling.
- Implemented local relational caching and offline-first storage using SQLite.
- Optimized UI render trees in Flutter, maintaining consistent 60 FPS performance across multiple device form factors.

ACTIVITIES

ACADEMIC & OPEN SOURCE PROJECTS

Active Contributor & Self-Directed Learner

Quezon City
June 2025 - Present

- Actively built and open-sourced 6+ personal full-stack and mobile applications on Vercel and Github (github.com/ch1llysauce).
- Conducted self-directed study and practical implementation of AI integration, Flutter, and MERN stack.

THESIS PROJECT

Assistant Lead Programmer

Quezon City
August 2026 - April 2027

- Co-architected core software modules and database schemas, collaborating closely with the lead programmer to implement full-stack features and system integrations.
- Managed Git version control workflows and assisted in team code reviews and debugging to ensure optimized performance and on-time thesis milestones.

SKILLS & COMPETENCIES

Programming Languages: JavaScript (ES6+), TypeScript, Python, Dart, Java, C++, SQL, HTML5, CSS3

Frontend & Mobile: React.js, React Native, Flutter, Tailwind CSS, Expo, Bootstrap, Responsive Web Design

Backend & Databases: Node.js, Express.js, MongoDB, Firebase (Firestore, Auth), SQLite, RESTful APIs

Developer Tools & DevOps: Git, GitHub, Vite, Postman, Vercel, PWA (Progressive Web Apps), VS Code

Professional Skills: Problem Solving, Agile / Scrum Collaboration, Code Reviews, Technical Documentation, Adaptability
